My wife, Shari Seibold ([shariseibold.us](http://shariseibold.us)), is still providing encouragement and patience.

**Hog Wash** is an ongoing series. This is book twenty-four which means, follow me now, there were twenty-three before it. Currently, photos and stories are going into book thirty-five. So, there is a bunch and I probably won't be around long enough to publish all of them whatever all of them turns out to be. I've slowed down a bit on the stories due to time.

Full resolution photos used in this book can be found at [davidseibold.us](http://davidseibold.us).

Disclaimer: Almost none of the stories in this book are true. Every once in awhile, I'll slip up and include something that is true, but, I would take everything with a grain of salt. As you read this book, keep in mind that I have made an attempt to include something for everyone. Some folks are always looking for errors. So, if you find any, please remember that they are there for a reason.

## Tingly Feeling (p)

Cooper swears this is the last time he goes to Madame Juju's Hair Safari to get his nails trimmed. There's just something about the place that puts him on edge. The experience reminds him of the time he peed on Mr. Olson's electric fence.

Bakersfield, California 2011

Always A Down Side (t) (B/W)

Barry was very uncomfortable riding roller coasters. They reminded him too much of his job as a stock broker. Things go well and then the bottom drops out!

Santa Cruz, California 2012

## Change Of Diet (t)

Walter the Trout is really tired of eating eggs, insects and artificial flies. It was so bad, he had to have a liver transplant. Walter decided to go vegan. He's just having a little problem reaching the good stuff. Evidently, fish don't climb well. On the bright side, Walter has lost 4 pounds wiggling around on the ground and is feeling pretty svelte.

Convict Lake, California 2012

## Trainwreck (t)

Max Khalifa found the perfect spot to plant his cash crop. Remote. Not easily accessible. Max spent months putting in a watering system and planting seed. Turns out the Purple Trainwreck seed was about 99.9% contaminated with pine seed and the 0.1% was eaten by some really happy bears. Max was disappointed needless to say.

Devils Postpile National Monument, California 2012

## Breaking Fake News (t)

The U.S. Government briefly created a new Sun while testing their Not Fake bomb at one of the numerous non Trump hotels in the Hawaiian Islands. If you hadn't visited Hawaii, well, it's too late now. However, Trump is extending his "Stay One Day Get One Free" campaign at Trump International Hotel. Breakfast included (if you are not a media member).

El Porto Beach, Manhattan Beach, California 2013

Pantages (t)

Attendance was very low on this night. In fact, even the actors didn't show up. Everyone was down the street at the Henry Ford Theatre. Gov't Mule was in town!

Hollywood, California 2013

Dodge (t)

Vanto the Troll has the best seat in the house. He sits under this overpass and makes videos of vehicles as they swerve to miss him. He posts his stuff on TrollvsVehicle and ranks second to Ugoijnay in number of views. Vanto would probably rank number one if he hadn't missed a year after a van of migrant workers crushed him. They still send him flowers and vegetables!

Hwy 101, San Jose, California 2014

## Long Lasting (t)

Herb I. Cide, code name, Agent Orange, operated in the lush forests of the Mojave Desert in the 1940s. He was a bad mofo leaving a wake of defoliation everywhere he went.

Bandon, Oregon 2015

## Branded (t)

Oregon Coast 2015

## Imodium (t)

Bill and Jill the Restrooms have seen a lot of shit in their days. Like the time the Potbelly Pig society showed up for their annual PigNic. Can you imagine? Four hundred pigs who have been potty trained! The honey wagons had to be called in three times to empty the tanks.
